Subject: Syngenta Tavium State Restrictions Response

Please find the attached labels with all the requested changes. All three registrants met this morning and the attached documents provide our suggestions for the terms. I've included both the highlighted and clean version of the documents that were generated from our discussion. Syngenta would be amenable to further discussion with EPA regarding these comments as needed. Please don't hesitate to reach out with any questions.

Best Regards,

Amy McCaskill (she/her)
